KitchenAid® Architect® Series II Undercounter Wine Cellar

KitchenAid® Architect® Series II Wine Cellars enhance style and functionality in the kitchen and other areas of the home used for entertaining. Available as freestanding or built-in units, wine cellars feature two different temperature zones for red and whitewinestobestoredattheir appropriate temperatures. The LED screen displays temperatures of each zone. Other features include a ClearVue™ UV protected thermal-glass door, six racks and an adjustable on/off interior light. Maple wood on the front of each rack may be stained to match kitchen cabinetry. Wine Cellars are available in stainless steel, black-on-stainless and factory-installed overlay-style trim.
