## Whirlpool® High-Efficiency 24" Front-Load Pair

The Whirlpool® High-Efficiency 24" Front-Load Pair offers style, capacity and performance to fit a wide variety of living spaces. Installation is flexible enough to meet almost any laundry installation requirement: side by side, stacked or undercounter, due to the width (23-3/8", height (33-1/4") and depth (washer: 23-1/8"; dryer: 23-1/4"). With 90 feet of available venting capability on the dryer, this pair is ideal for closets, installed under standard counter tops, and meets venting requirements of apartments and condominiums. The ENERGY STAR® qualified washer averages 14.2 gallons in the Normal cycle and is rated for only 212 kWh annual energy usage.
