## Whirlpool® Fabric Freshener

Whirlpool® Fabric Freshener allows homeowners to quickly freshen and reduce wrinkles on clothes from almost anywhere in the home. The portable, pop-up unit is easy to use and store, plugs into a standard 2-prong electrical outlet and eliminates the clutter of hang drying. After adding garments, just press the start button and walk away. In minutes, steam combined with the correct temperature oxidizes odors that form on fabrics. By dry-cleaning clothes less frequently, there is less wear and tear on fabrics, helping clothes to stay looking new longer.
