Whirlpool® Velos™ SpeedCook Oven

The Whirlpool® Velos™ SpeedCook Oven is the largest capacity over-the-range appliance with an interior cavity measuring 2 cubic feet. While it provides the conveniences of a traditional microwave, an innovative combination of quartz and halogen light, and g2 SpeedCook technology provides the

ability to grill, brown and even bake in a fraction of the time. Plus, a heating coil provides the option of convection cooking. The Velos™ SpeedCook Oven features TruCapture™, the industry's most efficient ventilation system in a speedcook appliance. It draws away cooktop steam and odors through multiple filters using a four-speed exhaust fan and helps the home's overall cooling while improving indoor air quality. Velos™ SpeedCook Oven has the industry's largest turntable and bi-level cooking rack for exceptional time-saving benefits.
