Whirlpool Gold® External Ice & Water French Door Refrigerator

Whirlpool Gold® External Ice & Water French Door Refrigerator, a first for the brand, is designed to easily accommodate such items as cakes and deli trays. The French Door configuration is an optimal choice for space management. The French door application allows for kitchen design versatility and smooth traffic flow. The model includes extra-tall, humidity-controlled crispers for the likes of watermelons and large pastries, a caddy for tall bottles and a can pack keeper to store a case of canned beverages. These models are ENERGY STAR® qualified and exceed efficiency standards by 20 percent, allowing homeowners to save on utility expenses while helping the environment.
